Dear Larry:

The Veterans of Foreign Wars (VFW) will be unable to sponsor the annual Veterans' Day Parade this year or the foreseeable future. We sincerely hope that the Leon County Board of County Commissioners continues to sponsor the event.

Last year's event sponsored by Leon County was conducted with professionalism and precision. The Veteran Services Division assumed leadership of the parade following the death of American Legion Commander Ray Stallings. Even though the project was late in being assigned to your Division, you and your staff were magnificent in coordinating all the multitude of details that were required to affect the parade. The parade was a sterling success!

We are extremely pleased to recommend that Leon County continue to sponsor the Veterans' Day Parade.

Sincerely,

Mark A. Alvarez, Commander
